

WAKE UP, BABY BEAR! ACTIVITIES

- Make a list of all the ways Mama, Papa, and the other animals tried to wake up Baby Bear. Did they work? Why or why not? Next, make your own list of all the ways you can think of to wake up a sleeping black bear—an alarm clock, poke with a stick, or what else? What’s your favorite or least favorite way to get woken up?
- What signs of spring can you find in *Wake Up, Baby Bear!* Then take a walk outside during spring and make a list or drawings of all the signs of spring you can find (i.e., mud, grass turning green, spring flowers).
- The back of *Wake Up, Baby Bear!* Has questions and answers about black bears. Research one of the other animals in this book—robins, moose, hares, owls—and then make questions and answers about *that* kind of animal. Give someone your quiz to taken and take their quiz.
